Michael W. Smith
Park Ranger 11
Pilot Mountain State Park
Route 3, Box 21
Pinnacle, N.C. 27043

Dear Michael,

I would like to take this opportunity to thank you for coming to the Walnut Cove Public Library for our summer reading program. Your program, "Skins and Skulls", was very educational and entertaining for our youngsters. They have been talking all week about some of the things you brought to show them. I feel that many of them are going to be encouraging their parents to make a trip to Pilot Mountain State Park in the near future. It is great to have such a resource so close to home.

I am enclosing the picture that ran in the Danbury Reporter on July 19, 1995.

Thanks again for your interest and time in our community. If we can be of any help to you please feel free to call.

Sincerely,

Betty Smith

Librarian
