Dear Erik,

Sue & I continue to enjoy the park on a regular basis. We found the rattlesnake on the trail. Despite it's menacing look in the photo it was not aggressive & did not strike when Sue approached within 18" having not seen it's well camouflaged body.

Hope you have had a good summer. We have enjoyed the park a great deal & are looking forward to watching the seasons change at the park.

Kind regards,

Ree's Ken 9/29/03
