## State Park Program Is For The Birds

Lake James State Park will present "Birds of the Woods" on Saturday at 10 a.m. at the park office. A slide show will be followed by a 1 1/2-mile hike in search of birds. The program is one of Lake James' most popular offerings and is usually given in the spring and fall. Here, State Ranger Earl Weaver shows off some of the birdhouses on hand at the park.
