

DIVISION OF PARKS AND RECREATION

April 29, 1997

STAFF DIRECTIVE 97-1

TO: Park Superintendents and Interpretive Rangers

FROM: Philip K. McKnelly

SUBJECT: Amendment to the Interpretive Program Guidelines

The attached amendment to the Interpretive Program Guidelines (Guideline 8) revises section 8.2.1 to include the *Regulations for Historic Weapon Demonstrations at State Historic Sites*. Please remove page 25 from your copy of the guideline and replace it with the attached revised version of page 25. Note that page 25.1 from Staff Directive 90-4 (June 19, 1990) will remain the same. We will be using these regulations as our standards for black powder weapons firing in all areas administered by the Division. This amendment to the guideline is effective immediately.

If there are any questions or comments concerning these revisions, contact the Lead Interpretation and Education Specialist.
