

National Park Service
NATIONAL REGISTRY OF NATURAL
LANDMARKS

Listing of Additional Sites

By notice in the FEDERAL REGISTER of September 5, 1973 (pp. 23982-23985), there was published a list of sites eligible for inclusion in the National Registry of Natural Landmarks. This list has been amended by a notice in the FEDERAL REGISTER of June 10, 1974 (pp. 20405-20406). Further notice is hereby given that the list of eligible natural landmarks is amended by addition of the sites listed below.

All Federal agencies should take cognizance of the sites included in the National Registry of Natural Landmarks to fulfill the intent of Section 102 of the National Environmental Policy Act of 1969 (33 Stat. 852; 42 U.S.C. 4331).

Dated: October 4, 1974.

RONALD A. WALKER,
Director,
National Park Service.

The sites listed below which have been registered are indicated by an asterisk.

The following sites have been added to the National Registry:

ALABAMA

Beaverdam Creek Swamp, Limestone County—Wheeler National Wildlife Refuge, 10 miles northeast of Decatur.

**Dismals, Franklin County*—4 miles northeast of Hackleburg.

IN REPLY REFER TO:

United States Department of the Interior

NATIONAL PARK SERVICE
WASHINGTON, D.C. 20240

Pilot Mountain

JUL 26 1974

The Director of the National Park Service

Ronald H. Walker

is pleased to inform you that the natural area(s) owned by your State and described in the enclosed "natural landmark brief" has been found to possess national significance in illustrating the natural heritage of the United States, and is thus eligible for designation as a Registered Natural Landmark. A map showing the landmark boundary is also enclosed.

The purpose of landmark designation is to identify and recognize nationally significant areas and to encourage their owners to preserve them. Eligible landmarks are chosen through studies conducted by the National Park Service; evaluated by the Advisory Board on National Parks, Historic Sites, Buildings and Monuments; and approved by the Secretary of the Interior in accordance with the Historic Sites Act of August 21, 1935.

As explained in the enclosed leaflet entitled, "The Natural Landmarks Program," recognition and registration of landmark sites are accorded by certificates and bronze plaques, which are provided free of charge to the owners or administrators of these sites upon their application and agreement to adhere to basic conservation practices. Registration does not involve change in ownership or administration of the sites. If you wish to apply for the certificate(s) and plaque(s), copies of the letter(s) of application and agreement are enclosed. The letter(s) should be signed and dated and returned to the National Park Service. You may retain the second copy for your records.

Designation as a natural landmark automatically places the site(s) in the National Registry of Natural Landmarks.

NATIONAL PARK SERVICE
WASHINGTON, D.C. 20240

IN REPLY REFER TO:

April 24, 1974

Memorandum

To: Secretary of the Interior

From: Acting Chairman, Advisory Board on National Parks, Historic Sites, Buildings and Monuments

Subject: Sites recommended as eligible for natural landmark status

The Advisory Board on National Parks, Historic Sites, Buildings and Monuments, at its 70th meeting in Washington, D.C., April 22-24, 1974, carefully considered the evidence presented and finds that the sites listed below are of national significance and, therefore, eligible for designation as Registered Natural Landmarks.

The 35 sites recommended as eligible are:

Alabama

Beaverdam Creek Swamp
Dismals
Mobile-Tensaw River Bottomlands

Arizona

Onyx Cave

California

Anza-Borrego Desert State Park
Nipomo Dunes-Point Sal Coastal Area
San Felipe Creek Area

Georgia

Camp E. F. Boyd Natural Area
Lewis Island Tract
Sag Ponds Natural Area
Spooner Springs

Idaho
