

March 19, 2011

Dear Su:

Enclosed are the pictures I found when I was helping to clean my friends house after her death. She had no family to ask about the people in the picture. You all are welcome to them. I hope they can give younger people a view of the park earlier and how they having a protected area we can see the same area now as then.

My father was in the Corps in W.Va prior to going into the Navy and helped build a park in W.Va.

Thanks all of you for doing a great job with little thanks and little money.

Yours.

Susan Jones
