9.4 Field Uniform

This uniform is for the ranger staff to wear daily except when the Dress Uniform is required. The work uniform is an option when appropriate and must be worn when performing duties or using equipment wherein the metal badge and name plate would constitute a safety hazard.

The Field Uniform may be worn to ceremonial occasions involving only park staff such as the presentation of an employee award. Ceremonial occasions involving the public requires the Dress Uniform. An allowable exception would be trail dedications or similar ceremonies requiring walking a considerable distance.
